

Going back to school

DOWN SYNDROME ASSOCIATION
PRETORIA/TSHWANE

Soon we will go
back to school

Back To School

 When we go back to school

we have to wear a mask

 When we go into school

They will check our
temperature

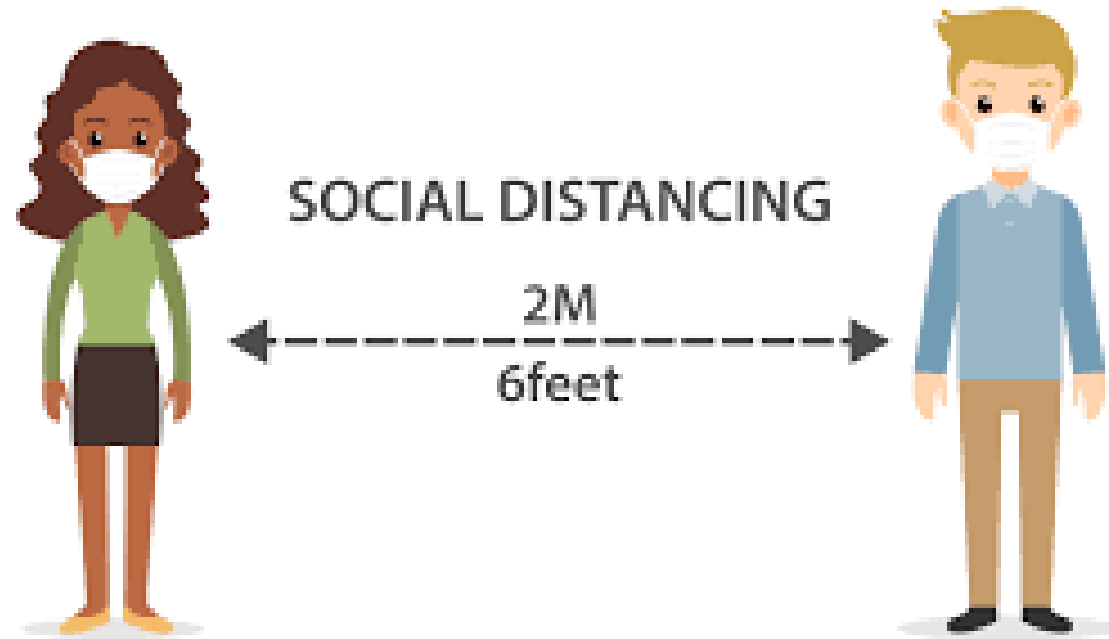

We must wash our hands

After touching new things

 We must not stand close

to our friends or teachers

We must cough and sneeze
into our elbow

To stay safe

We must throw our tissue
in the bin

To stay safe

We can not share food
and drinks

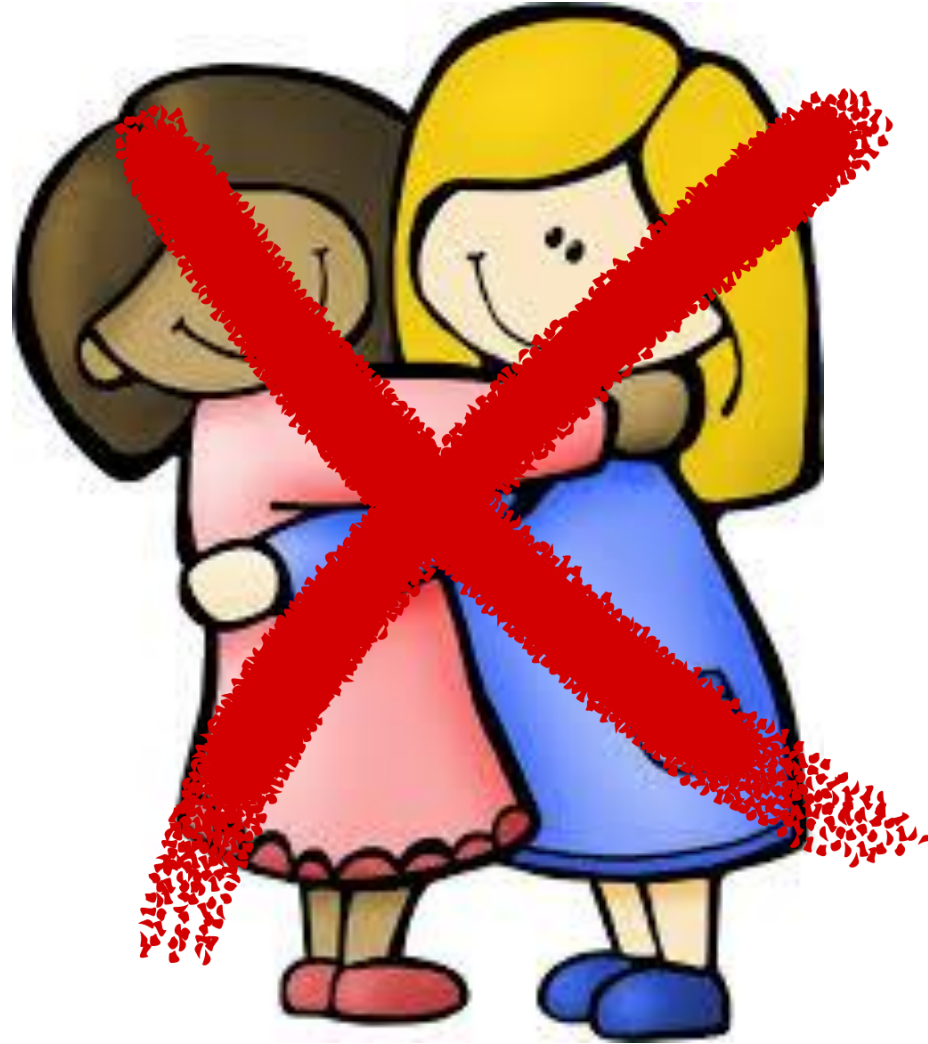

We can not touch other
peoples stuff

We can not hug

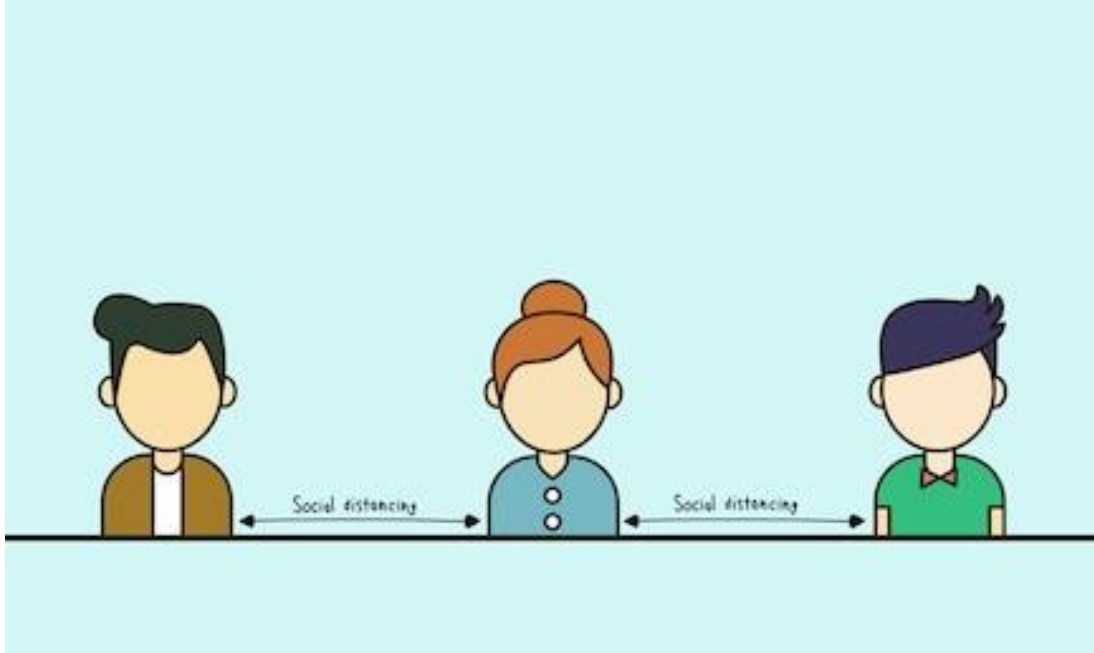

No touching friends

We need to keep safe

We must sit away from friends

to stay safe

We must wash our hands

After eating

we must wear our mask

All day to be safe

We know it is not easy

Well done!

Well done for keeping
to the rules
